WHY ARTISTRY?

The Artistry Promise: **Clean beauty without compromise**

By combining the superpower of Nutrilite™ ingredients and other plant extracts with advanced skin care science, we deliver healthy beauty like no other brand.

Plant-powered

Nutrilite plant-based ingredients deliver nourishing, skin-loving formulas at the heart of Artistry™ products.

Science-backed

Artistry formulas are backed by 60 years of skin science, cutting-edge research and proprietary technology that amplifies nature's own botanicals.

Clean formulas

Safe, effective and never tested on animals, our vegan formulas meet a rigorous set of guidelines that specify over 1,300 ingredients to avoid, including mineral oils, parabens, phthalates and sulfates.

 **nutrilite™ + ARTISTRY**

Pure and full of nutrients, ingredients are derived from Nutrilite sustainably grown plants.

*Nutrilite includes sales of both Nutrilite and Nutriway®-branded products. Verified by GlobalData based on 2021 data.

**Registered with
The Vegan Society**

The Power of Makeup

Turn new customers into your best customers

Makeup is a fantastic entry point into expanding your business into more product categories. Recommend Artistry™ Makeup to customers who are interested in beauty and introduce them to the whole world of skin care, health and wellness brands you offer through your business. With a lower barrier to entry for consumers price-wise and many ways to demonstrate benefits, cosmetics help you connect with customers and build strong, lasting relationships.

Makeup has long enabled self-expression, creativity and confidence. As an expert on Artistry™ Makeup, you have the opportunity to empower a whole new generation of customers with makeup backed by breakthrough skin science and technology that marries skin nutrition with high-performance wearability.

Your Opportunity

The Artistry™ brand has what shoppers want

Customers are already looking for what you offer—and since our products are clean, vegan, skin-loving and never tested on animals, you're already ahead of the game. You're perfectly positioned to meet the rapidly growing demand in every category.

75% of women are paying more attention to ingredients in their makeup.*

75% of makeup users look for facial skin care ingredients in their color cosmetics products.***

65% of women express interest in multifunctional makeup.*

56% agree that beauty products make them feel good about themselves.**

Skin Care Technology: Inside the Serum Foundation

Achieve greater skin care benefits with our exclusive Phyto-L Complex. This liposome is a special delivery system designed like a protective bubble of lipid molecules that the skin can recognize and absorb, effectively delivering key ingredients to the skin. The Phyto-L Complex has multiple layers, including:

This is the **Artistry™** brand's first makeup formula to use **liposome technology** to deliver **plant-based skin care ingredients**

Custom-Match Technology

Bringing scientific rigor to the art of shade matching

Rigorous color testing

By leveraging our proprietary Smart Skin Database and Custom-Match Technology, we tested, corrected and perfected the exact proportion of every pigment used in our Artistry Future Glow™ Serum Foundation.

We aligned the depth and intensity of each level and undertone to match real-world data and used panel testing to match a wide range of diverse skin tones to bring scientific rigor to the art of shade matching.

Precise and flexible

Each shade is precisely tuned and ingeniously flexible. Color and texture technology work with skin's natural color, while the sheer-to-medium coverage pigment ratios help create a flawless, healthy, glowy look.

Micro-adjusted shades

Every shade has been analyzed and fine-tuned by color experts, creating a range of shades that will enhance and flatter the individual undertone of virtually every customer.

FOR FAIR OR LIGHT SKIN
with a pink-tinted look, we dial up gold pigments to balance out redness.

FOR FAIR, LIGHT OR MEDIUM SKIN
with a yellow-tinted or sallow look, we dial up blue pigments to balance out yellowness, plus red and gold pigments for a healthy look.

FOR MEDIUM TO TAN SKIN
with a yellow-tinted look, we dial up red and blue pigments to balance out yellowness.

FOR RICH TO DEEP SKIN
with an orange-tinted look, we dial up red and gold pigments to bring out a healthy, radiant look.

Foundation

101

Finding the right foundation prepares skin for any makeup look and enhances skin's natural look by camouflaging imperfections and evening out skin tone. Finding it is easier than you think.

Step 1

Understanding skin tone

Start by looking at the veins on the inside of your wrist. If they look greenish, then you may have warm undertones. People with blue or purplish-looking veins usually have cool undertones. If you have neutral undertones, your veins may appear colorless or match the color of your skin. The metal color of your jewelry can help too. Wearing gold? It signifies a warm undertone. Silver denotes a cool undertone. And if wearing both, perhaps the undertone is neutral.

Step 2

Finding your shade

Select the three shades you feel are in your range. Apply them in a stripe down your cheek, across your jaw bone and to the neck. The shade that disappears into your skin is your best match.

Step 3

Selecting your coverage

Sheer coverage is lightweight and leaves your natural skin visible. Medium coverage helps to camouflage imperfections and even skin tone. Full coverage has an opaque finish for flawless, even skin.

Step 4

Selecting your finish

Foundation finish is a matter of personal preference. Whereas some like a radiant glow, others prefer something more natural or a matte finish.

Radiant: glowing and luminous

Matte: smooth, perfected look without shimmer or shine

Natural: neither glowing nor matte, zero sheen

Product Details

Artistry Ever Perfect Loose Powder

Lightweight, super-fine powder helps erase shine and blur the look of pores, fine lines and wrinkles to keep skin soft and healthy looking.

Finish	Soft matte
Wear	All day long; 8+ hours

Artistry Go Vibrant Cream & Powder Blush

A skin-loving, long-wearing (10 hours) blush duo with fresh hues for every day, in one convenient compact. Cream and powder formulas can be used on their own for a natural, glowy look or layered for higher-intensity color.

The cream blush

Comfortable wear, even pigment and color that resembles a natural-looking hue and doubles as lip color.

The powder blush

A shimmery finish creates a plumper, firmer appearance and helps set the blush look in place.

94% agreed that the blush makes their skin look healthy and vibrant*

95% said that the blush feels comfortable and weightless*

96% said that the blush provides skin with a natural, healthy-looking glow*

Key ingredients

- **Pomegranate extract** helps provide antioxidant benefits
- **Enriched vitamin complex (E and B5) and moisturizing complex (ceramide)**
- **Naturally derived mineral pigments** (no carmine) to achieve natural-looking hues

*According to a third-party research firm that compiled consumer-perception responses from 109 females ages 24–55 who used the product for one week.

Start with Skin Care

Beautiful makeup starts with healthy-looking skin. Establish a healthy morning and night skin care routine.

Choose your favorite Artistry™ cleanser, toner, serum and moisturizer for your specific needs from Artistry Studio™ Skin and Artistry Skin Nutrition™. See suggestions below.

AM ROUTINE

Start with a gentle cleanser

Use your favorite **Artistry cleanser** for a gentle yet thorough cleanse.

Toner

To rebalance your skin after cleansing and prep for treatment products, choose your favorite **Artistry toner**.

Apply serum(s)

To treat your skin, try our #1-selling **Artistry Skin Nutrition Vitamin C + HA3 Daily Serum** to help brighten, plump and even complexion.

Moisturizer

Moisturize and protect your skin! Try your favorite **Artistry Skin Nutrition moisturizer**.

Eye cream

Get hydrated, healthy-looking eyes with **Artistry Skin Nutrition Renewing Reactivation Eye Cream**.

SPF

To finish your routine, apply an SPF like **Artistry Skin Nutrition UV 50** for optimal sun protection.

PM ROUTINE

Remove all makeup at night

We recommend **Artistry Skin Nutrition Micellar Makeup Remover + Cleanser** or **Artistry Studio Clean Start Micellar Makeup Remover + Cleanser**.

Follow with a gentle cleanser

Artistry Skin Nutrition Renewing Foaming Cleanser is ideal and non-irritating.

Exfoliate and/or mask

Use your favorite **Artistry exfoliator** or **mask** once a week during the evenings to smooth skin and target specific skin concerns.

Apply toner

Apply an **Artistry Skin Nutrition toner** to help hydrate and support the skin's barrier function.

Apply serum

Apply **Vitamin C + HA3** and your favorite **Artistry serum** to help address your specific skin concerns.

Moisturize

Deeply nourish your skin with hydration and high-performance repair and renewal science with an Artistry moisturizer such as **Artistry Skin Nutrition Renewing Creams**.

Eye cream

Finish your routine with a targeted **Artistry eye cream** to reduce visible fine lines, soften dark circles and restore vibrancy back around the eyes.

Professional Hygiene

By modeling good hygiene, you're signaling to your customers that you care about them, you're serious about protecting their health and you're conscientious about creating a safe and clean environment to work in.

Clean Hands

Wash your hands with soap and water and thoroughly dry them every time you touch a customer and always before and after demonstrating a product. If you wear gloves, be sure to also wash your hands before putting them on as well as after removing them. Never touch your face unless your hands are clean, and wash your hands immediately afterwards.

Clean Workspace

A clean, tidy setup is essential. Make sure you have everything below before getting started:

- A sink with a supply of clean, warm water
- Liquid soap or an alcohol-based hand sanitizer
- Disposable gloves
- Single-use towels or a fresh roll of paper towels; tissues work in a pinch
- Fresh cotton pads, swabs and spatulas
- 70% isopropyl alcohol
- A trash receptacle

There are three very important things to remember before demonstrating an Artistry™ product with a customer:

1. Check if your customer has any allergies, especially to any beauty products or ingredients
2. Have them experience the product by using it on their own skin
3. Explain clearly which products they're applying and the benefits

Safe Product Demos

Before opening Artistry products, spray the bottles, tubes and jars with 70% isopropyl alcohol and dry with a clean paper towel. Apply products with clean cotton rounds, cotton swabs or spatulas. Clean products with 70% isopropyl alcohol when done.

Pro Tips

Help customers get beautiful, flattering looks while increasing your customers' order volume.

Bronze and Contoured

Choose a foundation that's 2–3 shades darker than your natural skin tone. Start by adding a few drops of the darker foundation to a dime-size amount of **Artistry Skin Nutrition™ Renewing Day Lotion** or **Studio Skin moisturizer**. Mix them together and apply to the forehead, cheekbones, bridge of the nose and jawline with a foundation brush or a damp makeup sponge.

Wow! Those Eyes

Grab your preferred **Artistry Go Vibrant™ eyeshadow quad** and a fluffy brush. Start with shade #4 and lightly place shadow into the crease of your eye, blending up to the brow bone. Then go in with a flat eyeshadow brush and apply shade #2 into the center of the eye. To add more dimension, repeat the same step with shade #3. Next, take a flat brush and use shade #4 to add some shadow on the lower lash line. Finish off with **Artistry Go Vibrant pencil or liquid liner** and a swipe of **Artistry Go Vibrant Waterproof Length Mascara** for a beautiful, bold eye!

Creating Looks by Skin Tone

The best way to increase your customer's order volume is to sell a complete look, not just single products. Here's some helpful inspiration on building looks your customers will love to add to their foundation selection.

Lv 4 DEEP	SKU
EF Concealer – Shade 6	120364
EF Concealer – Brightener	120365

SELLING SUPPORT

Easy Ways to Start Selling

The more you know, the easier it is to engage with customers, pique their interest and make more sales. So start learning with these resources – you've got this!

Discover products you love

The **Artistry™ Virtual Beauty app** can help you discover your skin care routine, find makeup shades with the try-on tool and develop an impactful, personal testimonial to share with your customers.

Use Amway™ Education

It has a variety of resources and information on how to make money, sell products, build a team and so much more.

Set up MyShop

Create your free, customizable digital storefront. It's a simple way to sell products, engage with customers and promote products. Keep content updated regularly and share your MyShop with customers so they're always connected and shopping with you.

Easy Ways to Start Selling

(continued)

Interactive Artistry™ Makeup Education Module

Learn how to talk about and sell all the products your customers will love from our high-performance, plant-based Artistry collection. Review the six-step selling framework, practice what you'll say and move easily from identifying the need to closing the sale. Plus, find links to all the resources you need to become even more of an expert.

Artistry Training Presentation

Learn all about Artistry™ Makeup in an easy to follow training presentation (and then train your teams!) → Available in the Amway Resource Center.

Catalogs

The Beauty Book catalog contains all the latest and greatest products for customers to browse and shop. You can also find them at [Amway.com/publications](https://www.amway.com/publications).

Share feature on Amway™ website

Easily share product links and the shoppable digital catalogs with your customers and receive credit for any resulting sales, when logged into the Amway website.

Artistry videos

Encourage your customers to go to [YouTube.com/AmwayUS](https://www.youtube.com/AmwayUS) and search the Artistry playlist for videos on using Artistry products.

Growing Your Beauty Business

Connect customers with breakthrough products and make selling easier

Boost your expertise and customer volume

Create looks that increase sales and highlight product compatibility. If a customer buys an eyeshadow quad, link it with a concealer to use as a base, then add on mascara and eyeliner to demonstrate the products and sell them together.

Host beauty breaks

Whether in person or online, beauty breaks give you the opportunity to connect and share your excitement about the latest Artistry Makeup products.

Start sampling

Our sample cards and swatches make it easy for customers to try new products. Give these out to new and existing customers so they can get excited about our new Artistry™ products.

Assess seasonality

Check in with new and existing customers each season to ensure they're stocked and ready for the change in weather.

- Emphasize trending colors by season
- Educate customers on seasonal skin needs
- Makeup makes a great gift! Birthdays, holidays, Galentine's, etc.
